

## Material List

### Session 1 – What is Artemis?

In this online PD session, we invite all educators and their students to join in with us for an hour of engagement as we highlight *Activity One: Choose Your Landing Site* hands-on activity taken from Landing Humans on the Moon Educator Guide. This session will allow participants to determine the most suitable landing site using NASA topographic maps and data.

Materials List for Session 1: [Landing Humans on the Moon Educator Guide](#)
